

# 2009 New Product Highlights

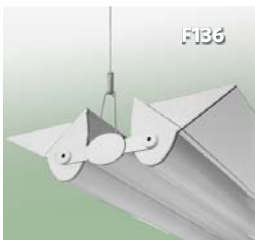

**30  
30  
STACK  
LIGHT**

**elliptipar**   
There is no equal™

- Additions to the 3030 Stack Light line for libraries include several new shapes and styles including oval, rectangular and recessed options
- Recessed version is ideal for low ceilings, also great for eliminating the visual clutter of surface or suspended luminaires
- Compliant with ASHRAE and California Title 24 energy standards for power density
- Optional uplight creates a soft glow on ceiling while still maintaining 30 vertical footcandles at 30 inches above the floor
- 3030 luminaires are perfect to uniformly illuminate vertical surfaces in all tall, narrow spaces like archival, record or server farm applications

**Ovalinear**

**elliptipar**   
There is no equal™

- Large fluted or smooth housing, with an integral electronic ballast
- Focuses the light of two 40, 50 or 55W long twin tube compact fluorescent lamps for high impact wall lighting in retail or large commercial interiors
- Features die-cast end plates that join at articulated black reveals, as well as machined aluminum knobs with no exposed fasteners
- KO Series offers unequalled cost and energy savings for 8' to 12' high wall lighting in commercial interiors

**Ovalinear**

**elliptipar**   
There is no equal™

- An attractive, compact, low wattage solution for outdoor settings
- Incorporates a powerful ceramic metal halide lamp that projects 92 lumens per watt and has a rated life of 12,000 hours
- Ideal for illuminating entry canopies or signs where faithful color rendition and durability are critical
- Certified for use in wet locations - Capable of withstanding a 1,000-hour salt spray test
- A high-purity, extruded aluminum reflector and a die-cast aluminum ballast compartment with a single-piece gasket seal guards against water entry

## Tambour

tambient   
Green in any color®

- Features a decorative scalloped, front-panel extrusion on stanchion-mounted Style L228 luminaires
- Provides balanced, energy-efficient task and ambient lighting from a single source. Like all Tambient luminaires, Tambour integrates push-button, personal dimming and wireless controls to further customize a workspace

## GlowLine

tambient   
Green in any color®

- Style L231 luminaires incorporate efficient T5 lamps and “GlowLine” optics that convert under-utilized lamp energy into a decorative illuminated accent
- With anti-glare “batwing” lenses and electronic ballasts
- Delivers a unique combination of efficiency and visual comfort through advanced lens and louver optics

THE LIGHTING **QUOTIENT**
